ABSTRACT

This report analyzes 4,664 grade reports received from the California State College-University System for students who had transferred from Pasadena City College. The analysis covers all reports that were available as of June 20, 1973, for the period fall 1966 through winter quarter 1973. The grade reports data are tabulated. The tables provide (1) comparisons between cumulative GPA's earned by Pasadena City College transfers and GPA's earned by other students, (2) differentials between entrance and subsequent GPA's of Pasadena City College transfers, (3) cumulative GPA's earned by Pasadena City College transfers, (4) percent of GPA's earned by Pasadena City College transfers that were 3.00 or higher or 2.00 or less, by institution, and (5) GPA earned at San Jose State College each term by Pasadena City College transfers, by grade level. ANALYSIS OF ACADEMIC ACHIEVEMENT
of
PASADENA CITY COLLEGE TRANSFERS
in the
CALIFORNIA STATE COLLEGE-UNIVERSITY SYSTEM

This report analyzes 4,664 grade reports received from the California State-College-University System for students who had transferred from Pasadena City College. The analysis covers all reports that were available as of June 20, 1973, for the period fall 1966 through winter quarter 1973. *

Findings

1. a. Mean Cumulative GPA: 2.63
   b. Per cent of GPA's 3.00 or above: 33.8
   c. Per cent of GPA's 2.00 or less: 14.0

2. Cumulative GPA Differential:
   Number of Reports: 1,798
   Mean Entrance GPA: 2.55
   Mean Cumulative GPA: 2.70
   Cumulative GPA Differential: + .15

3. Cumulative GPA's earned by Pasadena City College transfers compared to all transfers:
   Number of Reports: 1,390
   GPA of Pasadena City College Transfers: 2.57
   GPA of All Transfers: 2.55
   GPA Differential: + .02

4. Cumulative GPA's earned by Pasadena City College transfers compared to all undergraduates:
   Number of Reports: 949
   GPA of Pasadena City College Transfers: 2.72
   GPA of All Undergraduates: 2.75
   GPA Differential: - .03

5. Cumulative GPA's Increased with Grade Level Increase:

No. Reports	Grade Level	Mean Cumulative GPA
834	Senior	2.71
698	Junior	2.55
89	Sophomore	2.40

* Several of the California State Colleges became Universities during period represented by this study.

Grade reports were available for analysis from seventeen state colleges. Although the colleges exhibited wide diversity in reporting academic progress of transfer students, three major methods were employed:

1. Comparison between cumulative GPA's earned by Pasadena City College Transfers and GPA's earned by other students.

2. Differential between entrance GPA and subsequent GPA earned by Pasadena City College Transfers.

3. GPA earned by Pasadena City College Transfers at transfer institution.

1. Comparison Between Cumulative GPA's Earned by Pasadena City College Transfers and GPA's Earned by Other Students

Six of the colleges provided sufficient data for making varied comparisons between achievement of Pasadena City College transfers and other college students.

TABLE I records data by institution for 1,443 grade reports.

SUMMARY FOR UNDERGRADUATE DIFFERENTIAL indicates the mean cumulative GPA for 849 Pasadena City College grade reports from four institutions was 2.72; comparable GPA for all undergraduates at those institutions was 2.75 (-.03 differential).

SUMMARY FOR ALL TRANSFERS DIFFERENTIAL shows cumulative GPA for 1,390 Pasadena City College grade reports from four institutions was 2.57; comparable GPA for all transfers was 2.55 (+.02 differential).

Pasadena City College transfers at Northridge earned cumulative GPA's .08 above those of all undergraduates, .10 above all transfers, and .13 above first semester transfers.

2. Differential Between Entrance and Subsequent GPA's

Grade reports from four of the state colleges provided data for determining differentials between entrance and subsequent GPA's of Pasadena City College transfers.

Table II contains pertinent data from 1,798 grade reports, by institution. Pasadena City College transfers showed plus differentials at all institutions ranging from +.08 to +.34, with a weighted mean of +.15.

3. GPA's Earned by Pasadena City College Transfers

Grade reports from seven colleges provided term GPA's earned by Pasadena City College transfers. Table III lists cumulative GPA's.

Table IV shows per cent of GPA's earned that were 3.00 or higher, and per cent that were 2.00 or less, by institution.

From a total of 4,664 grade reports: 33.8% were 3.00 or above (1,575), 14.0% were 2.00 or less (653). The per cent of 3.00 or better GPA's was higher than 2.00 or less GPA's at all colleges except San Diego.

San Jose State College grade reports for Pasadena City College transfers provided data relating GPA's earned to their grade level. Table V shows the relationship: Except for three freshmen students who earned a mean 2.64 GPA, the higher the grade level the higher the GPA.

Summary and Comments

1. The California State College-University System enrolls approximately 85% of students who transfer from Pasadena City College to four year institutions according to grade reports received. An unduplicated count of grade reports received in 1972 was as follows:

Type of Institution	No. of Grade Reports	Per Cent of Grade Reports
California State-University System	2,007	85
University of California	219	9
All Other	150	6
	2,376	

2. Collectively, Pasadena City College transfers were academically successful:

33.8% earned cumulative GPA's 3.00 or higher
14.0% had GPA's 2.00 or less
GPA differential between entrance and cumulative was approximately + .15
Cumulative GPA was .02 higher than comparable transfers, .03 less than comparable undergraduates.

3. Grades of Pasadena City College transfers increased with increase in units completed.
